

Plate 10. Display of Individual Equipment, Dismounted Man.

20. Display of Equipment. Dismounted Men. For all inspections the equipment is displayed as shown in Plate 10.

Special items of equipment not shown in Plate 10 are added to the display without disturbing the relative position of basic articles.

When shelter tents are pitched, the blanket remains in the position shown for the shelter half and blanket in Plate 10. Rear edge of blanket is on line with front (entrance) edges of shelter tents when pitched.

The automatic rifle is displayed in the same position as the rifle. Arms may be stacked before taking interval for display of equipment. Officers' equipment, if displayed, is laid out in a similar manner to that of enlisted men.
